Individual Presentation Guideline

Congratulations! You reach your final step to complete the 3-year journey.

Here is the guideline for you to prepare your presentation. We would try to make the “boundary” as simple as possible, to allow you creating your very own way to share your growth and learning in the 3-year journey.

1. The aim for your presentation is to review your personal growth and learning during the 3-year programme.
2. Your presentation should be maximum 18 minutes. Shorter presentation is not lesser.
3. You can showcase your craft works, drawing and paintings.
4. Highly recommend sharing how is your learning give value to your life in different aspect such as career development, people relationship, personal goal.
5. Think about your audience i.e., tutor and students, what contents they would be interested to listen.
6. Considerate to deliver your message with a focal idea which would help you to make an interesting and memorable presentation for you and your audience.

If you have any questions during your preparation, please feel free to let us know.
